ABOUT

Innovative **Co-Founder, Frontend Developer, and Product Designer** with 3+ years of experience creating user-focused applications. Skilled in **React, JavaScript, Next.js**, and **Figma**, I thrive on transforming design systems to enhance user experiences and drive engagement across diverse projects.

WORK EXPERIENCE

Frontend Developer, Product Designer

November 2024 – January 2025

Spark Dating

Bangkok, Thailand

- As a **Product Designer** at Spark Dating, I transformed the **design system** to enhance **brand identity** and maximize **user experience**, creating a seamless interface that boosted **user engagement**. Additionally, as a Frontend Developer, I implemented these innovative **design solutions**, optimizing the app and driving increased traffic through effective team collaboration.

Co-Founder, Frontend Developer

July 2024 – current

CornStarch Studio

Delhi, India

- As a **Frontend Developer** and **Cofounder** at Cornstarch, I've contributed to various projects, including **business portfolio sites** and **e-commerce platforms**.
- My experience also encompasses developing and designing **health tech applications** and **bug tracking dashboards**, along with creating **AI chatbots**, leveraging technologies such as React, JavaScript, and Next.js to deliver impactful user experiences.

Frontend Developer, UI/UX Designer

January 2024 – September 2024

FiveMinutes

Chennai, India

- As a frontend developer and UI/UX designer, I have designed user-centric solutions for the healthcare industry, specifically focusing on challenges related to patient management systems. My work also includes helping to build a community platform for healthcare professionals, addressing critical pain points and enhancing collaboration within the field.
